PANYNJ	The Port Authority of NY & NJ
PEJA	Potential Environmental Justice Area
PPP	Public Participation Plan
SPDES	State Pollutant Discharge Elimination System

I. INTRODUCTION AND OBJECTIVE

This Public Participation Plan (PPP) has been prepared by The Port Authority of NY & NJ (hereinafter referred to as “applicant”) to fulfill and comply with the requirements of New York State Department of Environmental Conservation **Commissioner Policy 29, Environmental Justice and Permitting (CP-29)** for their proposed permit renewal for a State Pollutant Discharge Elimination System (SPDES) application and which has been determined by NYSDEC to potentially impact one or more potential environmental justice area (PEJA) (See Figure 1).

This PPP has been developed in accordance with the procedures established in CP-29 Section V.D and it aims to help ensure meaningful and effective public participation throughout the NYSDEC environmental permit review process. Public participation in the NYSDEC environmental permit review process means a program of activities that provides opportunities for stakeholders to be informed about and involved during the review of a proposed action.

The objective of this PPP is to outline and describe the program of activities that the applicant will implement to actively seek and enhance public participation during the application review process.

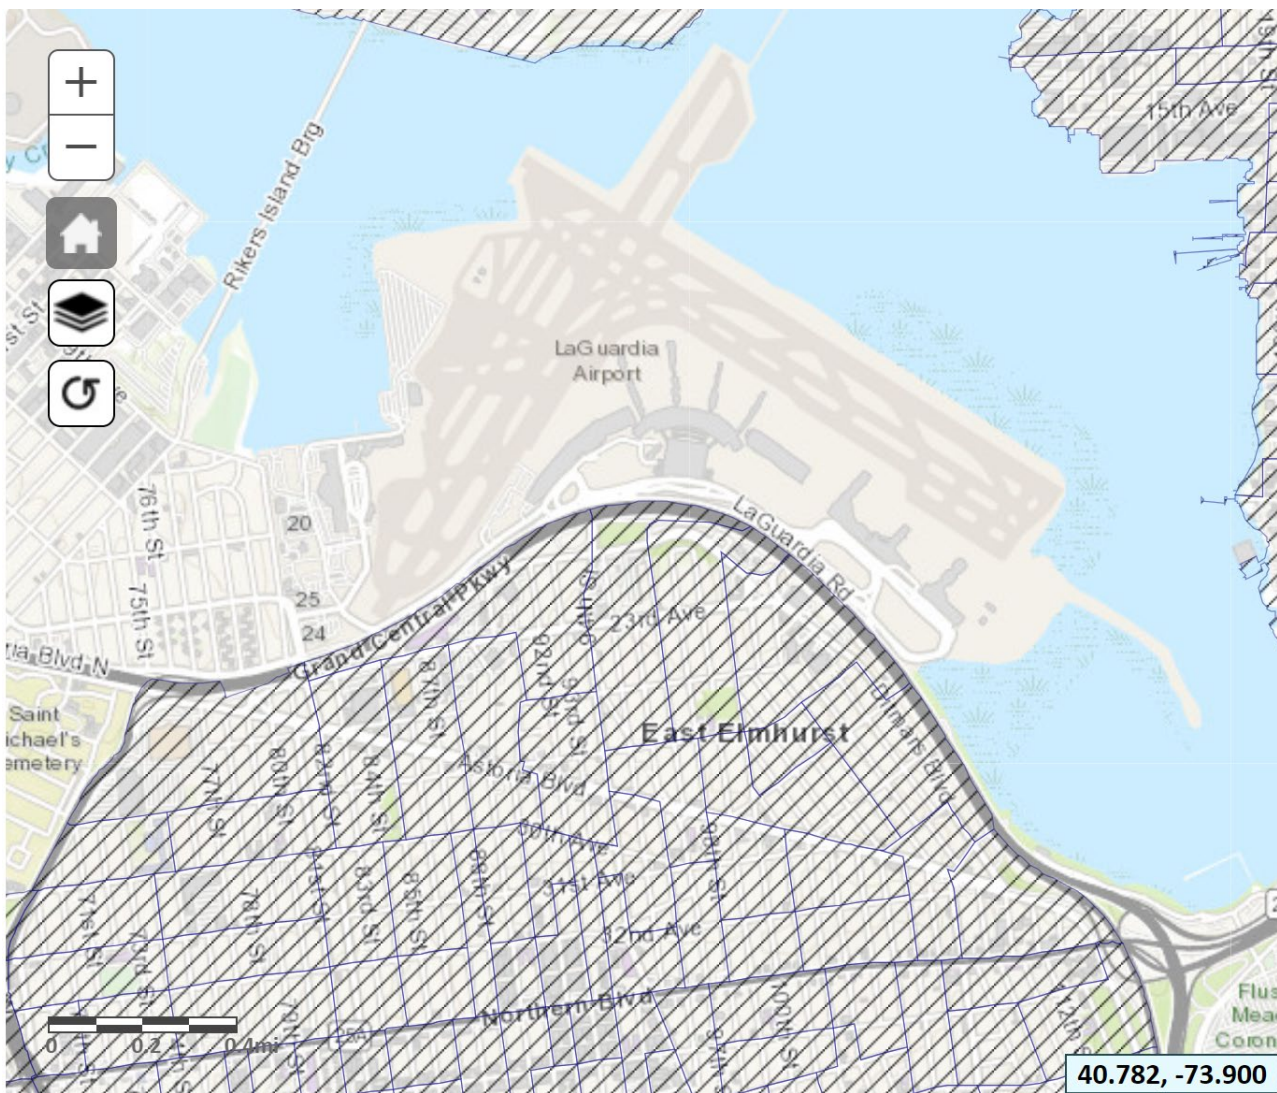

Figure 1. Project Location and Potential Environmental Justice Area(s)

II. PROJECT DESCRIPTION AND PROPOSED ACTION

Project Overview

The Port Authority of New York and New Jersey (PANYNJ) is re-applying for a New York State Pollutant Discharge Elimination System (SPDES) Permit for LaGuardia Airport located in Flushing, Queens, NY. LaGuardia Airport (herein referred to as “LGA” or “Facility”) is a domestic airport that is owned by the City of New York and has been operated by the PANYNJ since 1947. The Facility encompasses approximately 680 acres and includes terminals, aircraft gates, hangars, and other operational buildings. Generally, the Facility is bordered by Grand Central Parkway to the south, Bowery Bay to the west, and the Flushing Bay to the north and east.

As per the New York State Department of Environmental Conservation (NYSDEC), one of the purposes of the SPDES Program is to preserve the quality of the waters of the State by minimizing pollution originating from industrial operations. Generally, the NYSDEC requires a SPDES permit for any industrial facilities that discharge water, including stormwater runoff, to waters of the State. Environmental requirements are permit-specific based on facility conditions and NYSDEC discretion.

NYSDEC adopted the Environmental Benefit Permit Strategy (EBPS) which establishes procedures to manage SPDES permit renewal applications and prioritizes permits based on their potential or actual impact to the environment. Each permit receives an EBPS ranking number based on several factors as described in 6 NYCRR Part 750-1.19. The EBPS was developed to focus on the most deficient permits based on environmental need and current standards and regulations in the permit. The EBPS for Region 2 for 2024, ranks LaGuardia Airport as first on their list.

LGA currently operates under NY SPDES Permit No. 0008133, which was issued in July 2006 and administratively renewed in January 2012. The LGA Environmental Maintenance Unit, which is located at Hangar 7C at the Facility, manages compliance with the existing SPDES Permit. The primary discharges originating from LGA include stormwater runoff from paved areas and building roof drains. As per the Facility SPDES Permit No. 0008133, the PANYNJ conducts periodic monitoring of stormwater discharges and the Facility has historically been in compliance with the SPDES Permit requirements.

In response to a NYSDEC issues Request For Information (RFI), The PANYNJ has submitted an application to the NYSDEC for a new SPDES Permit.

Nature of Proposed Project/Action and Purpose

The PANYNJ is applying for a new SPDES Permit for LGA due to the pending expiration of the existing permit, NY SPDES Permit No. 0008133. The permit will establish the environmental monitoring requirements, effluent limitations, and Best Management Practices (BMPs) to ensure protection of public health and the environment.

The Facility is required to maintain a SPDES Permit due to the industrial activities performed on site. The major industrial activities conducted at LGA are consistent with most aviation facilities, including hangar and terminal operation, aircraft fueling, aircraft deicing, and jet fuel storage.

Based on the Facility conditions, the primary discharges from LGA are stormwater runoff from paved surfaces such as roadways, parking areas, aircraft taxiways, and runways, as well as from building roof

drains. Generally, stormwater runoff is directed through underground storm sewers to outfalls that discharge into Bowery Bay and Flushing Bay. The draft new SPDES Permit contains twelve (12) permitted outfalls at LGA (i.e., Outfalls 001, 01A, 002, 004, 005A, 005B, 006, 008, 010, 011, 012, and 013). The PANYNJ has identified distinct watersheds for each outfall based on the topography and stormwater infrastructure. One outfall (Outfall 002) is shared with a New York City Department of Environmental Protection (NYCDEP) Combined Sewer Overflow (CSO).

The PANYNJ anticipates that we will be required in the new permit to conduct periodic environmental monitoring at additional target outfalls at the discretion of the NYSDEC. The purpose of periodic environmental monitoring is to determine if pollutants are present in facility discharges. Environmental monitoring is conducted during a storm event to characterize the runoff from the facility. Environmental monitoring includes the collection of stormwater samples from permitted outfalls (discharge locations) for analysis by a NYS-certified laboratory. We anticipate that the permit will include the following pollutants of concern for periodic environmental monitoring:

- Flow
- Oil & Grease
- Total Suspended Solids
- Benzene
- Ethylbenzene
- Methyl Tert-Butyl Ether
- Toluene
- o-Xylene
- m+p-Xylene
- Biological Oxygen Demand
- Glycols

The PANYNJ is required to submit the results of the environmental monitoring to the NYSDEC on a monthly basis for review. If pollutants of concern are detected in the environmental samples at concentrations greater than the effluent limitations established in the SPDES Permit, the NYSDEC will direct the PANYNJ to implement Corrective Actions. The NYSDEC may also issue a fine for any non-compliance with the permit.

The PANYNJ will prepare a Facility BMP Plan to prevent the potential release of pollutants to waters of the State. The BMP Plan will include industry best practices, inspection requirements, innovative technologies in pollution reduction, and Facility-specific practices regarding the management of runoff, deicing operations, and petroleum storage and handling. The NYSDEC also establishes 13 minimum BMPs that are addressed in the BMP Plan, including:

1. BMP Pollution Prevention
2. Reporting of BMP Incidents
3. Risk Identification & Assessment
4. Employee Training
5. Inspections and Records
6. Security
7. Preventative Maintenance
8. Good Housekeeping
9. Materials/Waste Handling, Storage, & Compatibility
10. Spill Prevention & Response
11. Erosion & Sediment Control
12. Management of Runoff
13. Street Sweeping

The BMP Plan will be reviewed on a periodic basis; if necessary, the BMP Plan will be updated and provided to the NYSDEC for review.

As part of the SPDES Permit renewal process, the PANYNJ will revise their BMP Plan regarding deicing activities at the Facility. Deicing activities generate glycol, which the PANYNJ anticipates will be included as a pollutant of concern on the SPDES Permit. Specifically, the airport has upgraded and/or modified deicing locations to maximize the collection of aircraft deicing fluids, which will primarily ultimately either be treated at the Facility or transported off-site for recycling or disposal. Under the new SPDES Permit, the PANYNJ will also implement measures to reduce the utilization of aircraft deicing fluids. Finally, all deicing activities will take place in designated areas as approved by the NYSDEC in the final SPDES Permit.

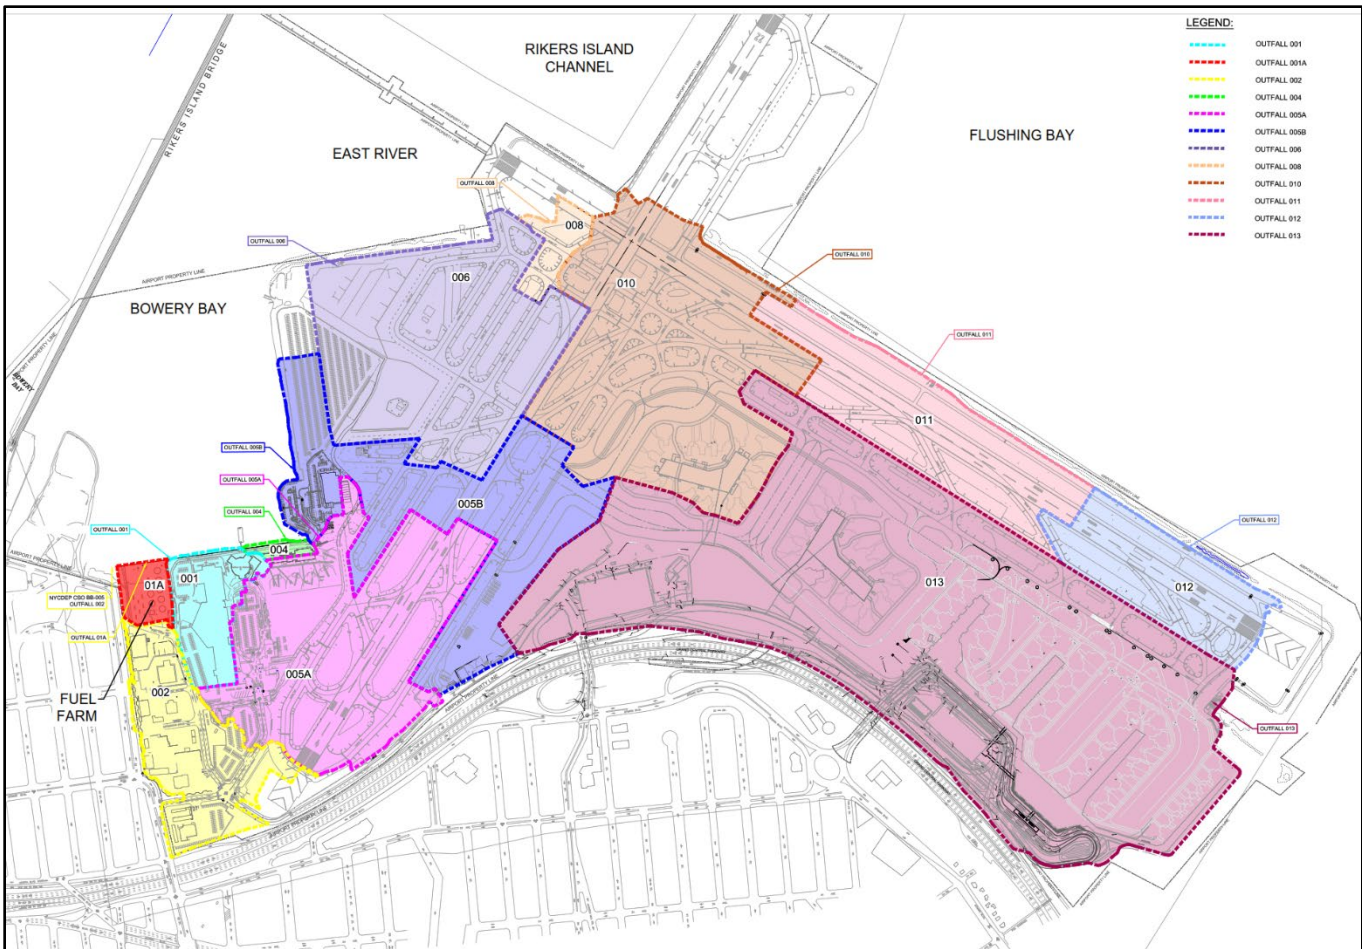

Figure 2. Outfall Locations and Approximate Watershed Extents.

Potential Impacts

The purpose of the SPDES Program is to protect public and environmental health by minimizing pollution from industrial operations to the waters of the State. Under the current SPDES Permit No. 000813, the PANYNJ maintains compliance with the requirements of the SPDES Program. The PANYNJ will continue their commitment to protecting public and environmental health by implementing a comprehensive SPDES Program under the new permit. The public and environmental health of the community is not expected to be adversely impacted by the SPDES Program at LGA.

The Facility is required to maintain a SPDES Permit due to the industrial activities performed on site, which are consistent with most aviation facilities. The primary discharges from LGA are stormwater runoff from paved surfaces such as roadways, parking areas, aircraft taxiways, and runways, as well as from building roof drains. Generally, stormwater runoff is directed through underground storm sewers to outfalls that discharge into Bowers Bay and Flushing Bay. The SPDES Program will not impact the public water supply in the area. Under Article 141 of the NYC Department of Health code (NYCDOH), groundwater may not be utilized for potable/drinking purposes (i.e., not ingested) in the vicinity of the Site. Additionally, Bowers Bay and Flushing Bay are not drinking water sources.

Under the new permit, the PANYNJ will prepare and implement a BMP Plan to minimize the potential release of pollutants to the environment. This BMP Plan will meet the requirements of the NYSDEC, consider industry best practices, and implement innovative technologies to minimize pollution. Additionally, the PANYNJ will conduct periodic environmental monitoring to identify the presence of pollutants in stormwater runoff. If pollutants are present at concentrations greater than the effluent

limitations established in the SPDES Permit, the PANYNJ will implement corrective measures at the direction of NYSDEC. The NYSDEC may issue fines, suspend the permit, or pursue civil penalties if the permittee is not compliant with the SPDES Permit.

III. STAKEHOLDER IDENTIFICATION & CONTACT LIST

A contact list consisting of the names, addresses, phone numbers, or email addresses of stakeholders to the proposed action is provided in Appendix A. The contact list includes individuals and organizations with a direct stake in the proposed action and people and individuals and organizations that have expressed interest in the proposed project or similar projects affecting the same neighborhood or community.

To develop a draft contact list, the applicant reached out to residents/neighborhood groups who are near or adjacent to the proposed project and that will be or potentially will be affected by the operation; community boards, community leaders, local community, civic and recreational organizations, environmental and business groups and consulted the following local resources to help identify stakeholders and develop an initial contact list.

The current contact list has been developed in consultation with NYSDEC by identifying stakeholders from the following categories: local government and elected officials; business owners, residents, and occupants; local civic, community, environmental and religious organizations; local news media; administrator/operator of any school or day care that live, work and/or represent the neighborhood or community.

The applicant will utilize this contact list to communicate and disseminate information about the proposed project/action and permit application review process to the affected community and stakeholders. At minimum, this includes distribution of the written information and outreach materials described in Section V to inform the community about upcoming public meetings and opportunities for public participation.

The contact list will be reviewed periodically and updated as appropriate throughout the permit application review process. The applicant will update the contact list with any new stakeholders identified during the public meeting or execution of other PPP components. In addition, individuals and organizations will be added to the contact list upon request. Such requests should be submitted to the project liaison identified in Section IV. Other additions to the contact list may be made at the discretion of the applicant or, at the request of the NYSDEC project manager, in consultation with other NYSDEC staff, as appropriate.

IV. PROJECT LIAISON

A representative from the project team will be available during business hours at:

- Angela Altieri, Principal Environmental Program Specialist
- 929-666-5356
- aaltieri@panynj.gov
- LaGuardia Airport Hangar 7C, 5 Marine Terminal Road, Flushing, NY 11371

Impacted residents and interested stakeholders can contact the project liaison listed above to provide input to the project team, discuss any issues or concerns and/or to ask questions or request information.

The project liaison shall respond in a timely manner and in the manner appropriate to question or information request received. The project liaison will be responsible for tracking and documenting public input, inquires, questions, and information requests received, along with responses provided.

V. PUBLIC OUTREACH ACTIVITIES

The applicant will utilize a range of engagement strategies and conduct various public outreach activities to facilitate participation, involvement, and direct communication with the affected community during the permit application review process. The applicant will implement the public outreach activities outlined below upon finalization and approval of this PPP by NYSDEC.

In compliance with the requirements of CP-29, the applicant will hold public information meeting(s) to keep the public informed about the proposed action and the environmental permit review process. At minimum, the applicant will prepare, distribute and post written information and materials, including a meeting notice and fact sheet, to encourage dialogue and solicit input from interested stakeholders during the permit application review process. All public outreach materials and information will be prepared and presented in an easy-to-read, understandable format, using plain language free of legal terminology, and geared towards a non-technical audience.

The public meeting notice and fact sheet will be made available and disseminated in English, Chinese, Korean and Spanish. In addition, the public can contact the project liaison regarding the availability of language assistance and to request that the notice and fact sheet are translated into another language for comprehension by non-English speaking or limited proficiency stakeholders.

Public Meeting(s)

At the discretion of NYSDEC and, depending on the scale and nature of a project, one or more virtual public meeting(s) must be conducted to satisfy the intent of CP-29.

A meeting is typically required near the end of the permit application review process to inform the public about: the status of, or, if applicable, the availability of, final application materials and draft permits for review; the pending NYSDEC public comment period, and deadline to submit written comments to NYSDEC, if established; and eventual final decision. Meetings may also be held earlier, either pursuant to this plan or possibly even earlier during the initial design phase. If meetings were held prior to submission of this PPP, a summary of them should be included as an appendix.

Public Meeting: At or Near Completeness

Applicant will facilitate a virtual public meeting or meetings on December 5, 2024 at 6 PM to:

- Inform the public about the proposed permit application review status.
- Provide the opportunity to for stakeholders to ask questions and express concerns about the project and identify how to obtain information or answers to questions after the meeting has concluded.
- Inform attendees how they may submit written comments on the permit application to the NYSDEC during the public comment period and, if available, identify any applicable deadlines.

Necessary Meeting Discussion Points and Requirements

All meetings will be facilitated by the applicant and/or representatives from their project team (project personnel) via Microsoft Teams. During the meeting, the applicant and/or representatives from their project team will present a brief overview of the project, including any relevant background information, details on the permitting action, scope of work, schedule, and community impacts. The second part of the meeting will include a question-and answer-portion where the floor will be open for attendees to ask questions, make remarks, and/or express concerns. In addition, the following discussion points will be addressed:

- Provide an update on the permit application review process and identify outstanding application requirements and future milestones in the application review process.
- Make it clear that the meeting is being held prior to NYSDEC's permitting decision for the project/action.
- Identify the location of the online document repository and provide directions on how attendees may obtain and review materials relevant to the application, documents related to the meeting and other public participation plan components.
- Identify and provide contact information for the project liaison and announce procedures for how attendees may obtain answers to questions after the meeting has concluded and interested stakeholders can submit questions, express concerns, or request additional information by telephone, email, and in writing.
- Announce any future outreach, opportunities for public participation, and /or required follow-up with attendees including, but not limited to: additional meetings and future mailings, including, but not limited to the Notice of Complete Application.

Attendance will be recorded during the virtual meeting by sign in sheets. The applicant will track the number of attendees for all meetings held during implementation of this PPP and, where feasible and applicable, identify any affiliation of participants and interests represented at the meeting. In addition, the applicant will be responsible for documenting meeting notes or minutes, along with a record of comments and questions raised in the meeting and respective responses and answers provided. Attendees not identified on the contact list will have the option to be added in the event of future meetings or information sharing.

Virtual Public Meeting Notice Preparation and Distribution

Information regarding the details of the virtual public meeting(s) and how to participate via computer and/or telephone is contained in the reader-friendly meeting notice(s) shown in Appendix B. The notice has been prepared in English, Chinese, Korean and Spanish by a certified translator. Through this notice, the public will be invited and encouraged to attend the public virtual meeting scheduled on Thursday, December 5, 2024.

Once the PPP has been approved by NYSDEC the public meeting notice will be posted and available in the online document repository described in Section VI of this document. At least two weeks in advance of the public virtual meeting, the notice will be published in the Queens Daily Eagle, El Diario and The Korean Daily are daily newspapers printed, published, and circulated Queens, New York and Sing Tao Daily is a weekly newspaper printed, published, and circulated in Queens, New York. In addition, the public meeting notice will be emailed, mailed and/or hand delivered (door-to-door) to the stakeholders identified in the contact list in Appendix A at least two weeks prior to the public virtual meeting.

Fact Sheet Preparation and Distribution

Factual information on the proposed project/action, including an overview, purpose statement, and potential impacts, is outlined in the reader-friendly fact sheet shown in Appendix C. In addition, the fact sheet outlines how interested stakeholders can: participate in the permit application review process; access the online document repository to review relevant application materials prior to the public meeting; and contact the project team to obtain additional information. The fact sheet has been prepared in English and will be translated upon request by a certified translator.

Once the PPP has been approved by NYSDEC the fact sheet will be posted and available in the online document repository described in Section VI of this document. No later than 2 weeks prior to the public meeting, the applicant will distribute the fact sheet to provide stakeholders with relevant background on the proposed project/action and facilitate meaningful participation during the meeting. The fact sheet will be distributed together with the public meeting notice via email, mail and/or hand delivery (door-to-door).

The fact sheet(s) will also be posted within the vicinity of the project site and visible to the public. For example, they may be posted on some streetlight lampposts or bulletin boards located in the lobby of residential complex buildings or public facilities such as libraries, schools, or community centers within the project site.

Distribution of Notice of Complete Application

Once NYSDEC determines the application(s) for the proposed action/project is complete and provides the Notice of Complete Application (NOCA) to the applicant, the applicant will distribute the NOCA and draft permit, if applicable, to the meeting attendees and any identified interested parties, to provide notification regarding the start of the NYSDEC public comment period and to announce the deadline for submission of written comments to NYSDEC. If the NOCA is available at the time of the meeting, the applicant will distribute the NOCA at the public meeting. If the NOCA is not available at the time of the meeting, the applicant will provide explicit instructions on how to access the online repository and inform the attendees that, once available, the NOCA will be posted to the online document repository and will be distributed to attendees via email or mail as soon as possible, but no later than the date that the NOCA is published by the applicant in the print edition of a paid local newspaper that is circulated at least weekly and available in the municipality in which the project is located.

VI. DOCUMENT REPOSITORY

An online document repository has been established for the community and interested stakeholders to access and review information about the project. The online repository available at <https://www.panynj.gov/airports/en/index.html#regulatorydocs> will provide information and documents relating to the project and permit application.

The repository will be updated throughout the application process with project-related information and written materials (i.e., application forms and supporting materials, draft permit, fact sheet, statement of basis (where applicable), the Notice of Complete Application provided by the NYSDEC, etc.).

VII. SUBMISSIONS

Final Summary Report and Written Certification

Upon completion of the enhanced public participation plan, the applicant will submit written certification to NYSDEC to certify that it has fully executed and complied with the approved PPP. The certification shall be signed by the applicant, or the applicant's agent, and submitted to NYSDEC prior to a final decision on the application.

As part of the certification, the applicant shall submit a final summary report documenting the implementation of this PPP. The report will summarize the activities that occurred in accordance with the PPP and will identify any substantive concerns raised by stakeholders during the public meeting, or, at any time throughout the permitting process and detail the applicant's response(s) to any such concerns or questions. The applicant will include, or append, any documentation that supports the final summary report, such as: the meeting sign-in sheet(s), record of attendees/participants, meeting presentation, notes or minutes, summary of questions and answers, and copy of newspaper notice or other proof of publication. In addition, the report will identify any changes or modifications to the proposed project that were made or considered by the applicant to address or reduce concerns surrounding the permit application.

The final summary report and written certification will become part of the application record and will be posted to the online document repository so that it is readily available to the public.

APPENDIX A

Contact List

	A	B	C	D	E	F	G	H	I	J
1	Postal Customer	Name, Title	Address 1	Address 2	Address 3	Street Address	City	State	Zip	Site Name (County)
2	Contact List									
3	Instructions: 1. Enter NYSDEC Application # and Facility Name (if known) in cells A5 and A6 and the date of the list in D6. 2. Each contact list must include the following categories: local government and elected officials; adjacent business owners, residents, occupants and/or property owners; local civic, community, environmental and religious organizations; local news media; administrator/operator of any school or day care that live, work and/or represent a neighborhood or community within the outreach area specified in the PPP ; and any other parties who have requested to be placed on the site contact list. 3. Residents and businesses adjacent to the site should be identified in Column A as " Postal Customer ". Leave Column B blank. For all other categories of individuals and organizations, identify the name and title (if known) in Column B and leave Column A blank. "Titles" are typically for elected officials (e.g., "Senator," "Assemblyperson," "Mayor," "Supervisor").									
4	4. Row 7 does not contain actual column headings. They are in Row 1, so PLEASE DO NOT CHANGE OR DELETE ROW 1 . It is necessary for merging to labels and envelopes.									
5	5. Please put P.O. Box numbers in the "Address 3" column, where possible.

APPENDIX B

Virtual Public Meeting Notice

YOU ARE INVITED

Virtual Public Meeting
December 5, 2024 at 6 PM
LaGuardia Airport SPDES Permit Renewal

The Port Authority of NY & NJ has submitted an application to the New York State Department of Environmental Conservation (NYSDEC) for a State Pollution Discharge Elimination System (SPDES) permit for LaGuardia Airport. A Public Participation Plan has been developed in accordance with NYSDEC Commissioner Policy 29, Environmental Justice and Permitting (CP-29). The purpose of this meeting is to inform the public about the project and to engage and involve the community in the SPDES permit application review process.

Agenda:

- Background
- Project Overview
- Community Impacts
- Questions and Answers

Your Attendance is Important!

Project personnel will be available to answer questions from the community. For additional information on the proposed project:

- Contact: Angela Altieri by phone at 929-666-5356 or by email at aaltieri@panynj.gov
- Visit the repository at: <https://www.panynj.gov/airports/en/index.html#regulatorydocs>

Contact the project liaison to request reasonable accommodation for a disability or interpreter services in a language other than English, so that you can participate in the call and/or to request a translation of any of the event documents into a language other than English.

诚邀您参加

虚拟公众会议

2024 年 12 月 5 日下午 6 点

拉瓜迪亚机场州污染物排放消除系统许可证续期

纽约和新泽西港务局 (Port Authority of NY & NJ) 已向纽约州环境保护厅 (New York State Department of Environmental Conservation, NYSDEC) 提交了拉瓜迪亚机场 (LaGuardia Airport) 州污染物排放消除系统 (State Discharge Elimination System, SPDES) 许可证申请。根据 NYSDEC 厅长第 29 号政策《环境正义与许可》(Environmental Justice and Permitting) (CP-29), 已制定了一项“公众参与计划”。本次会议的目的是向公众介绍该项目, 并让社区参与 SPDES 许可证申请审查过程。

온라인 공청회

2024년 12월 5일, 6 PM

LaGuardia 공항 SPDES 허가 갱신

Port Authority of NY & NJ는 뉴욕주 환경보호부(New York State Department of Environmental Conservation, NYSDEC)에 LaGuardia 공항의 주 오염물질 배출량 저감제(State Pollution Discharge Elimination System, SPDES) 허가 신청서를 제출했습니다. NYSDES 커미셔너 정책 29, 환경 정의 및 허가(CP-29)에 따라 일반 대중 참여 계획이 개발되었습니다. 본 공청회의 목적은 일반 대중에게 이 프로젝트에 대한 정보를 알리고 SPDES 허가 신청 검토 과정에 주민의 참여를 독려하기 위한 것입니다.

여러분의 참석이 중요합니다!

프로젝트 담당 직원이 지역주민의 질문에 답변을 합니다. 제안된 프로젝트에 대한 자세한 정보:

- 연락처: 929-666-5356번으로 Angela Altieri에게 전화, 또는 이메일: aaltieri@panynj.gov
- 온라인 문서 보관소 방문: <https://www.panynj.gov/airports/en/index.html#regulatorydocs>

프로젝트 연락 담당자에게 연락하여 장애인 편의 또는 영어 외 언어 통역 서비스를 요청할 수 있으니 전화로 참여할 수 있고/있거나, 영어 외 다른 언어로 행사 관련 문서 번역을 요청할 수 있습니다.

ESTÁ INVITADO

Reunión pública virtual
5 de diciembre de 2024 a las 6 p. m.
Renovación del permiso del SPDES para el aeropuerto LaGuardia

The Port Authority of NY & NJ ha presentado una solicitud al Departamento de Conservación Ambiental del estado de Nueva York (New York State Department of Environmental Conservation, NYSDEC) para obtener un permiso del Sistema Estatal de Eliminación de Descargas Contaminantes (State Pollutant Discharge Elimination System, SPDES) para el aeropuerto LaGuardia (LGA). Se ha desarrollado un Plan de Participación Pública de conformidad con la Política 29 del Comisionado del NYSDEC sobre justicia ambiental y permisos (CP-29). El propósito de esta reunión es informar al público sobre el proyecto y hacer partícipe a la comunidad en el proceso de revisión de la solicitud del permiso del SPDES.

Para unirse en línea

Haga clic en el siguiente enlace:

<https://bit.ly/3BVXeYr>

Para unirse con una llamada por teléfono

Marque el siguiente número:

1 607-442-4632

**Cuando se le solicite, ingrese la
identificación de la reunión:**

959064616#

Orden del día:

- Antecedentes
- Resumen del proyecto
- Impacto en la comunidad
- Preguntas y respuestas

¡Su asistencia importa!

El personal del proyecto estará disponible para responder preguntas de los miembros de la comunidad. Para obtener más información sobre el proyecto propuesto:

- Comuníquese con Angela Altieri por teléfono al 929-666-5356 o por correo electrónico a aaltieri@panynj.gov
- Visite el repositorio en: <https://www.panynj.gov/airports/en/index.html#regulatorydocs>

Comuníquese con el contacto del proyecto para solicitar adaptaciones razonables por discapacidad o servicios de interpretación en un idioma distinto del inglés, de modo que pueda participar en la reunión. También puede solicitar la traducción de cualquiera de los documentos del evento a un idioma distinto del inglés.

Fact Sheet

LGA Airport – SPDES Permit Renewal

Fact Sheet

- **Project:** SPDES Permit Renewal Application
- **Applicant:** The Port Authority of New York and New Jersey
- **Facility:** LaGuardia Airport
- **SPDES Number:** NY-0008133
- **NYSDEC Number:** 2-6301-00106/00023
- **A Public Participation Plan (PPP) has been developed in accordance with NYSDEC Commissioner Policy 29, Environmental Justice and Permitting (CP-29)**

What is the Proposed Project?

The Proposed Project is the renewal of the State Pollutant Discharge Elimination System (SPDES) Permit at LaGuardia (LGA) Airport. The purpose of the SPDES Program is to protect public and environmental health by minimizing pollution from industrial operations to the waters of the State. To implement the proposed project, the Port Authority of New York and New Jersey (PANYNJ) has submitted a renewal SPDES application to the New York State Department of Environmental Conservation (NYSDEC). The purpose of this fact sheet is to inform the public about the proposed project and to involve the community during the NYSDEC permit application review process.

Why does the Port Authority of New York and New Jersey need to apply for a SPDES Permit renewal?

LGA Airport is required to maintain a SPDES Permit due to the industrial activities performed on site. NY SPDES Permit No. 0008133 is currently in the process of renewal. The PANYNJ has submitted an application to the NYSDEC for a new SPDES Permit. The primary discharges from LGA Airport are stormwater runoff from paved surfaces such as roadways, parking areas, aircraft taxiways, and runways, as well as from building roof drains. Generally, stormwater runoff ultimately discharges into Bowery Bay and Flushing Bay, which are public waters of the State.

How might the project affect the surrounding community?

The PANYNJ will continue their commitment to protecting public and environmental health by implementing a comprehensive SPDES Program under the new permit. The surrounding community is not expected to be adversely impacted by the SPDES Program at LGA. Under the SPDES Program, the PANYNJ will prepare and implement a plan to minimize the potential release of pollutants to Bowery Bay and Flushing Bay. Additionally, the PANYNJ will conduct periodic environmental monitoring to confirm the absence of pollutants in stormwater runoff that discharges to the Bowery Bay and Flushing Bay.

There are no proposed construction activities associated with this project. Additionally, the SPDES Program will not impact the public water supply in the area.

How can I participate in the permit review process?

- Attend the upcoming virtual public meeting scheduled for December 5, 2024 at 6 PM to learn about the project, ask questions and/or express concerns about the project.
- Ask questions, express concerns, provide input or submit by comments in writing, by phone or

email to the project contact person identified below.

Where can I get more information about the proposed project?

- Visit the online document repository at: <https://www.panynj.gov/airports/en/index.html#regulatorydocs> to obtain application materials, relevant documents, and information about the project.
- Contact Angela Altieri by phone at: 929-666-5356 by email at: aaltieri@panynj.gov] or in writing at: LaGuardia Airport, Hangar 7C, 5 Marine Terminal Road, Flushing, New York 11371 for information on the project, instructions on how to attend the upcoming virtual public meeting, or to find out about the status of the permit application and public comment period.

Who is responsible for reviewing the Permit Application?

NYSDEC Region 2 Headquarters, 47-40 21st St., Long Island City, NY 11101, is responsible for reviewing and issuing the required permits. Tel: (718) 482-4997; email: DEP.R2@dec.ny.gov

LGA 机场 – SPDES 许可证续期

情况说明书

- 项目：SPDES 许可证续期申请
- 申请人：纽约和新泽西港务局
- 设施：拉瓜迪亚机场
- SPDES 编号：NY-0008133
- NYSDEC 编号：2-6301-00106/00023
- 根据 NYSDEC 厅长第 29 号政策《环境正义与许可》(Environmental Justice and Permitting) (CP-29)，已制定了一项“公众参与计划”(PPP)。

拟议的项目是什么？

拟议项目是拉瓜迪亚 (LGA) 机场的州污染物排放消除系统 (SPDES) 许可证的续期。SPDES 计划的目的是通过最大限度地减少工业生产对本州水域的污染来保护公众和环境健康。为实施拟议项目，纽约和新泽西港务局 (PANYNJ) 已向纽约州环境保护厅 (NYSDEC) 提交了 SPDES 续期申请。本情况说明书旨在向公众介绍拟议项目，并让社区参与 NYSDEC 许可证申请审查过程。

为什么纽约和新泽西港务局需要申请 SPDES 许可证续期？

由于在 LGA 机场内进行的工业活动，该机场必须持有 SPDES 许可证。纽约 SPDES 许可证编号 0008133 目前正在申请续期中。PANYNJ 已向 NYSDEC 提交了一份新的 SPDES 许可证申请。LGA 机场的主要排放物是来自道路、停车场、飞机滑行道和跑道等铺面以及建筑物屋顶排水沟的雨水径流。一般来说，雨水径流最终会排入 Bowery Bay 和 Flushing Bay，这两个湾属于州公共水域。

该项目可能会对周边社区产生什么影响？

PANYNJ 将根据新许证实施全面的 SPDES 计划，继续致力于保护公众和环境健康。预计周边社区不会受到 LGA SPDES 计划的不利影响。根据 SPDES 计划，PANYNJ 将制定并实施一项计划，最大限度地减少向 Bowery Bay 和 Flushing Bay 排放污染物的可能性。此外，PANYNJ 还将定期进行环境监测，以确认排入 Bowery Bay 和 Flushing Bay 的雨水径流中不含有污染物。

本项目没有任何拟议的相关施工活动。此外，SPDES 计划不会影响该地区的公共供水。

我如何参与许可证审查过程？

- 参加即将于 2024 年 12 月 5 日下午 6 点举行的线上公众会议，了解项目情况，提出问题和/或表达对项目的疑虑。
- 通过电话或电子邮件向以下项目联系人提出问题、表达疑虑、提供意见或提交书面意见。

我可以在哪里获取有关拟议项目的更多信息？

- 访问在线文件库（网址为：<https://www.panynj.gov/airports/en/index.html#regulatorydocs>）获

取申请材料、相关文件和项目信息。

- 如需联系 Angela Altieri, 请通过电话: 929-666-5356 或电邮: aaltieri@panynj.gov], 或写信至: LaGuardia Airport, Hangar 7C, 5 Marine Terminal Road, Flushing, New York 11371 获取项目信息、如何参加即将到来的线上公众会议的说明, 或了解许可证申请的状态和公众意见征询期。

谁负责审查许可证申请?

NYSDEC 第 2 区总部 (位于 47-40 21st St., Long Island City, NY 11101) 负责审查和颁发所需的许可证。电话: (718) 482-4997; 电子邮件: DEP.R2@dec.ny.gov

LGA 공항 – SPDES 허가 갱신

자료표

- **프로젝트:** SPDES 허가 갱신 신청
- **신청자:** Port Authority of New York and New Jersey
- **시설:** LaGuardia 공항
- **SPDES 번호:** NY-0008133
- **NYSDEC 번호:** 2-6301-00106/00023
- **NYSDES 커미셔너 정책 29, 환경 정의 및 허가(CP-29)에 따라 일반 대중 참여 계획(Public Participation Plan, PPP)이 개발되었습니다.**

제안된 프로젝트 소개

제안된 프로젝트는 LaGuardia(LGA) 공항의 주 오염물질 배출량 저감제(SPDES) 허가 갱신입니다. SPDES 프로그램의 목적은 산업 활동으로 주 수역으로 배출되는 오염물질을 최소화함으로써 주민의 건강과 환경을 보호하는 것입니다. 제안된 프로젝트 이행을 위해서 Port Authority of New York and New Jersey(PANYNJ)는 뉴욕주 환경보호부(NYSDEC)에 SPDES 갱신 신청서를 제출했습니다. 이 자료표의 목적은 일반 대중에게 이 프로젝트에 대한 정보를 알리고 NYSDEC 허가 신청 검토 과정에 주민을 참여시키기 위한 것입니다.

Port Authority of New York and New Jersey가 SPDES 허가 갱신을 신청하는 이유

LGA 공항은 사업장에서의 산업 활동 때문에 SPDES 허가를 유지해야 합니다. NY SPDES 허가 번호 0008133은 현재 갱신 과정에 있습니다. PANYNJ는 NYSDEC에 새로운 SPDES 허가 신청서를 제출했습니다. LGA 공항의 주된 배출 물질은 도로, 주차장, 항공기 유도로 및 활주로 등의 포장된 지표면과 건물 지붕 배수관에서 배출되는 강우 유출수입니다. 일반적으로, 강우 유출수는 최종적으로 주의 공공 수역인 바워리 베이와 플러싱 베이로 배출됩니다.

이 프로젝트가 주변 지역사회에 미치는 영향

PANYNJ는 허가를 갱신받아 종합적인 SPDES 프로그램을 이행함으로써 주민 건강과 환경 보호 책임을 지속할 것입니다. 주변 지역사회는 LGA 공항의 SPDES 프로그램에 의해 불리한 영향을 받지 않을 것으로 예상됩니다. SPDES 프로그램에 따라, PANYNJ는 바워리 베이와 플러싱 베이로 배출되는 오염물질 배출량을 최소화하기 위한 계획을 준비하여 이행할 것입니다. 또한 PANYNJ는 정기적인 환경 감시를 실시하여 바워리 베이와 플러싱 베이로 유입되는 강우 유출수에 오염물질이 없다는 것을 확인할 것입니다.

이 프로젝트와 관련하여 제안된 공사 활동은 없습니다. 아울러 SPDES 프로그램은 해당 지역의 상수 공급에는 영향을 주지 않을 것입니다.

허가 갱신 검토 과정에 참여하는 방법

- 2024년 12월 5일 오후 6시에 예정된 온라인 공청회에 참석하여 프로젝트에 대해 알아보시고 질문도 하고 프로젝트에 대한 우려 사항을 제기해주시기 바랍니다.
- 아래에 나와 있는 프로젝트 연락 담당자에게 서신, 전화, 이메일을 통해 질문, 우려 사항 표명 또는 의견을 개진하거나 의견서를 제출해주시요.

제안된 프로젝트에 관한 추가 정보 안내

- 온라인 문서 보관소 방문: <https://www.panynj.gov/airports/en/index.html#regulatorydocs> 신청 자료와 관련 문서 및 프로젝트 정보 보기.
- Angela Altieri에게 연락 번호 929-666-5356, 이메일 aaltieri@panynj.gov 또는 우편 주소 LaGuardia Airport, Hangar 7C, 5 Marine Terminal Road, Flushing, New York 11371로 연락하여 프로젝트에 관한 정보, 예정된 온라인 공청회 참석 방법에 대한 설명, 또는 허가 신청 현황 및 일반 대중 의견 개진 기간에 대한 정보를 알아보세요.

허가 신청 검토 담당자

NYSDEC Region 2 Headquarters, 47-40 21st St., Long Island City, NY 11101이 허가 검토 및 허가증 발급을 담당합니다. 전화: (718) 482-4997, 이메일: DEP.R2@dec.ny.gov

Renovación del permiso del SPDES para el aeropuerto

LGA

Hoja informativa

- **Proyecto:** Solicitud de renovación del permiso del SPDES
- **Solicitante:** The Port Authority of New York and New Jersey
- **Instalación:** Aeropuerto LaGuardia
- **Número del SPDES:** NY-0008133
- **Número del NYSDEC:** 2-6301-00106/00023
- **Se ha desarrollado un Plan de Participación Pública (Public Participation Plan, PPP) de conformidad con la Política 29 del Comisionado del NYSDEC sobre justicia ambiental y permisos (CP-29)**

¿Qué es el Proyecto Propuesto?

El Proyecto Propuesto es la renovación del permiso del Sistema Estatal de Eliminación de Descargas Contaminantes (SPDES) para el aeropuerto LaGuardia (LGA). El objetivo del programa del SPDES es proteger la salud pública y medioambiental al reducir al mínimo la contaminación de las aguas del estado provocada por las operaciones industriales. Para implementar el proyecto propuesto, The Port Authority of New York and New Jersey (PANYNJ) ha presentado una solicitud de renovación del SPDES al Departamento de Conservación Ambiental del estado de Nueva York (NYSDEC). El propósito de esta hoja informativa es informar al público sobre el proyecto propuesto y hacer partícipe a la comunidad durante el proceso de revisión de la solicitud del permiso del NYSDEC.

¿Por qué The Port Authority of New York and New Jersey necesita solicitar una renovación del permiso del SPDES?

El aeropuerto LGA está obligado a mantener un permiso del SPDES debido a las actividades industriales que se llevan a cabo en sus instalaciones. El permiso del SPDES de Nueva York n.º 0008133 se encuentra actualmente en proceso de renovación. La PANYNJ ha presentado una solicitud al NYSDEC para obtener un nuevo permiso del SPDES. Las principales descargas del aeropuerto LGA son las aguas pluviales procedentes de superficies pavimentadas como carreteras, zonas de estacionamiento, pistas de carreo de aeronaves y pistas de aterrizaje o despegue, así como de los desagües de los tejados de los edificios. En general, las aguas pluviales se vierten finalmente en Bowery Bay y Flushing Bay, que son aguas públicas del estado.

¿Cómo el proyecto podría afectar a la comunidad circundante?

La PANYNJ mantendrá su compromiso de proteger la salud pública y medioambiental con la aplicación de un programa integral del SPDES en el marco del nuevo permiso. No se espera que la comunidad circundante se vea afectada negativamente por el programa del SPDES en el aeropuerto LGA. En el marco del programa del SPDES, la PANYNJ elaborará y aplicará un plan para minimizar la posible liberación de contaminantes a Bowery Bay y Flushing Bay. Además, la PANYNJ llevará a cabo controles medioambientales periódicos para confirmar la ausencia de contaminantes en las aguas pluviales que se vierten a Bowery Bay y Flushing Bay.

No se proponen actividades de construcción asociadas a este proyecto. Además, el programa del SPDES no afectará al suministro público de agua en el área.

¿Cómo puedo participar en el proceso de revisión del permiso?

- Asista a la próxima reunión pública virtual programada para el 5 de diciembre de 2024 a las 6 p. m. para obtener información sobre el proyecto, hacer preguntas o expresar inquietudes sobre el proyecto.
- Haga preguntas, exprese inquietudes, brinde su opinión o envíe comentarios por escrito, por teléfono o por correo electrónico a la persona de contacto del proyecto que se indica a continuación.

¿Dónde puedo obtener más información sobre el proyecto?

- Visite el repositorio de documentos en línea en: <https://www.panynj.gov/airports/en/index.html#regulatorydocs> para obtener material sobre la solicitud, documentos relevantes e información sobre el proyecto.
- Comuníquese con Angela Altieri por teléfono al 929-666-5356, por correo electrónico a aaltieri@panynj.gov o por escrito a LaGuardia Airport, Hangar 7C, 5 Marine Terminal Road, Flushing, New York 11371 para obtener información sobre el proyecto, pedir instrucciones sobre cómo asistir a la próxima reunión pública virtual o conocer el estado de la solicitud de permiso y el período de comentarios públicos.

¿Quién es responsable de revisar la solicitud de permiso?

La oficina del NYSDEC, Region 2 Headquarters, 47-40 21st St., Long Island City, NY 11101, es responsable de revisar y emitir los permisos requeridos. Teléfono: (718) 482-4997; correo electrónico: DEP.R2@dec.ny.gov
